Volunteer Director/Trustee Required for Queenborough Harbour Trust CIC

Due to the expansion of our team, Queenborough Harbour Trust is seeking to recruit a suitable Director/Trustee to assist in the management and development of Queenborough's maritime facilities.

You will be joining this new, not for profit, community rooted organisation at a pivotal time. Having attracted substantial funds and supported by a committed and professional staff of two full-time harbour operators, a part-time harbour manager and a part-time book-keeper in addition to Harbour Friends and Volunteers, Directors are set on a programme of expansion.

We are looking for a volunteer Director/Trustee with vision, tenacity and energy and, preferably, a business/financial background, who can share our commitment to the development of Queenborough Harbour. Although maritime experience is welcome it is not essential.

For further information and a tour of the harbour without commitment please contact Geof Reed:
